Subject:	session blocked at the opening with the wifi		
Description:	<p>https://www.calculate-linux.org/boards/46/topics/37020</p> <p>at the start of calculate-linux the opening of the session blocked with the wifi. the solution that I found is restart without wifi and the opening of the session passes without problem. it is a bug with the intel wifi card driver. my laptop is lenovo x220.</p> <p>movie for problem: https://www.myqnapcloud.com/smartshare/612h08jl4l6p701st4t3w501_66uHbSV https://www.myqnapcloud.com/smartshare/612h08jl4l6p701st4t3w501_6kFUI5x</p>
