<b>Subject:</b>	No sound with 4.18.5		
<b>Description:</b>	<p>Hi Calculate Linux Team,</p> <p>With kernel 4.18.5, after reboot, no sound on my laptop. Sound card not detected.</p> <p>Same problem with an other Calculate French user !</p> <p>Very urgent issue !</p>		

### History

**08/30/2018 04:58 am - Adrien Duck**

The diff between 4.17.15 and 4.18.5 : <http://pastebin.calculate-linux.org/en/show/68946>

A lot of config disabled or removed... For the sound see line 1581
