Subject:	exclude the possibility of a fork-bomb		
Description:	perhaps you know that http://ru.wikipedia.org/wiki/Fork-bomb		
	simple solution is use *ulimit -u N*, see		
	<pre>ulimit -a</pre>		
	or set ulimit options in /etc/rc.conf		
	<pre># grep '^rc_ulimit' /etc/rc.conf		
	rc_ulimit="-u 300"</pre>		
	Rarely have a user will be more than 300 processes
