Subject:	CDS 12.0.3 can't boot as DomU		
Description:	<p>Szenario:</p> <p>A customers AD Win 2003 died today.</p> <p>So I came up with CDS and wanted to give Calculate a try.</p> <p>Host is a XEN 4.1 32bit server host with serveral Servers as DomU clients.</p> <p>The guests are Win2003 32bit as AD, Win7 64bit, RedHat 6 32bit and Funtoo 64bit.</p> <p>CDS 12.0.3 and 12.0.2 64bit couldnt boot - immediately while loading the kernel and initrd I got a stack error..</p> <p>Please make sure that CDS is bootable in Virt environments.</p>
