

Calculate Linux - Bug # 877: Bumblebee and NVidia drivers

Status:	Closed	Priority:	Normal
Author:	Adrien Duck	Category:	
Created:	04/10/2016	Assignee:	
Updated:	04/12/2016	Due date:	
Subject:	Bumblebee and NVidia drivers		
Description:	<p>Hi team calculate !</p> <p>Primusrun command (primus from bumblebee overlay) no longer works with 36x NVidia versions :</p> <pre><pre> primus: fatal: failed to load any of the libraries: /usr/lib64/opengl/nvidia </pre></pre> <p>To solve the problem, i updated NVidia drivers to 364.12-r1 and enabled "compat" USE</p> <p>If there are no problems with other config, can you enable this USE by default (available on latest versions of nvidia drivers)</p>

Thank you. Flag added. The package is not possible to unmask, because it is associated with dependencies on media-video/nvidia-settings
