Subject:	SDDM : Enable numlock		
Description:	<p>Hi team calculate, When CLD boot, and sddm displayed, the numlock is "off". Is it possible to enable this feature by default ?</p> <p>For your information, in sddm.conf, you must add this line :</p> <pre>Numlock=on</pre> <p>in <code>*[General]*</code> section.</p> <p>It will be great for users who have some numbers in their password !</p> <p>Thanks !</p>
