Subject:	=x11-drivers/nvidia-drivers-378.13 : No display or slow graphics		
Description:	Hi team Calculate,		
	Me, on CLDM with NVidia Optimus, the driver =x11-drivers/nvidia-drivers-378.13 is very slow. 2 persons (who don't have Optimus Card) : at startup, no display.		
	Can you rollback to =x11-drivers/nvidia-drivers-375.39 which works fine ?		
	Thanks

nvidia-drivers 375.39 + mesa 13 = OK

nvidia-drivers 378.13 + mesa 17.0.3 = OK (I tested to upgrade Mesa :))

nvidia-drivers 378.13 + mesa 13 = not Good.
