<b>Subject:</b>	Add support for gadu-gadu protocol in pidgin binary		
<b>Description:</b>	<p>*Hello everyone*</p> <p>After I had installed pidgin, I was surprised that there were no support for gadu-gadu protocol. In other distro's, pidgin package's often has support for it, and gadu-gadu is still quite popular in poland so I think it would be good idea to add it to binary. For now I had to modify USE's and build it.</p>
