Subject:	LiveCD does not support sftp server		
Description:	it is very unhandy to use livecd to transmit files via ssh		
	so i suggest to add the following lines to /etc/ssh/sshd_config		
	# for amd64 systems:		
	Subsystem sftp /usr/lib64/misc/sftp-server		
	# for x86 systems:		
	Subsystem sftp /usr/lib/misc/sftp-server
